WELCOME

Dear Attendees,

Welcome to **MiningTech South America Conference**. We are honoured that you can join us here in São Paulo, Brazil for this event.

Brazil has always been a mining sector global powerhouse, occupying a place among the top five mineral producers in the world. Recently in October 2025, Brazil's Mining Policy Council (Conselho Nacional de Política Mineral – CNPM) was officially installed, with a renewed focus on critical minerals and rare earths. It is composed of 18 Federal Ministers, chaired by Minister of Mines and Energy Alexandre Silveira, along with the CEO of the Brazilian Geological Service (CPRM). With plans announced by the CNPM to update Brazil's National Mining Plan 2030, we look forward to how this new Mining Plan will set the direction for Brazil's mining industry in the years ahead.

Technology has been a key factor in driving the success of the mining industry. Hence, MiningTech South America brings together industry leaders, innovators, and experts to explore the advancements shaping the future of mining and resource development. Discussions will focus on cutting-edge innovations and latest developments in IoT, automation, AI and digital transformation, highlighting their applications across the full mining value chain.

This event in Brazil is part of our MiningTech Conference and Exhibition series that we also host in North America. First started in Vancouver, Canada in 2023, MiningTech North America recently returned to Vancouver from 20 - 21 November 2025. With more than 500 attendees and 15 exhibitors from Canada, USA, Australia and beyond, it was a great opportunity to spotlight the importance of technology in the mining sector.

Besides MiningTech North America, we also organise the global Energy Transition, Critical Minerals and Mining Investment Conference Series. To date, this Conference Series have been held in Singapore, Japan, India, Australia, UK, United Arab Emirates, Canada and USA. Globally, our events cover Africa, Australia, Asia, Latin and North America and Europe. To find out more, you can speak to us or browse at our website www.spire-events.com.

In closing, we hope you will make many meaningful connections over the formal and informal conference and networking sessions over the next few days. Have a great MiningTech South America experience ahead.

Yours sincerely,
Daniel Radziszewski

OUR GLOBAL OUTREACH

**Mining & Critical Minerals India
Conference & Expo
(10 - 11 February 2026)
Mumbai, India**

**Botswana Mining & Energy (BME)
Conference & Expo
(16 - 17 March 2026)
Gaborone, Botswana**

**Mining & Critical Minerals Middle East
Conference & Expo
(13 - 14 April 2026)
Dubai, United Arab Emirates**

**Critical Minerals Australia
Conference & Exhibition
(20-21 May 2026)
Perth, Australia**

SNAPSHOT OF OUR SELECTED UPCOMING EVENTS
